

The Resurrection Story

1. Choose students to play the parts of the three women disciples and the two messengers from God at the tomb. Invite several other children to play the part of the other disciples of Jesus.
2. Read aloud to the children the Resurrection story on page 58 of the Grade 1 text. Include the introduction to the story in the first paragraph.
3. Invite the students chosen to play parts to come forward. As you read each section of the story aloud, have the children mime the actions of the story.
4. You can repeat the story with additional groups of students.
5. This activity will reinforce the sequence of the story in the children's minds.
