Grades 1–3

Morning and Evening Prayer

Seasonal Prayers and Blessings for Special Times

## GENERAL INTRODUCTION

*Called to Prayer* is intended as a guide for prayer with children in grades 1, 2, and 3. The format is designed for children to participate actively in prayer without the need for individual worship aids. This resource makes it possible to connect prayer with the liturgical feasts and seasons.

### MORNING AND EVENING PRAYER

The Liturgy of the Hours is the public prayer of the whole Church. When it becomes the personal prayer of all Christians, it makes clear the relationship that exists between liturgy and the whole of Christian life. "In it [the Liturgy of the Hours] Christ himself is present, in the assembled community, in the proclamation of God's word" (General Instruction of the Liturgy of the Hours, 13). Through the celebration of the Liturgy of the Hours the Church "consecrates to God the whole cycle of day and night [and] the whole range of human activity" (General Instruction of the Liturgy of the Hours, 10, 11).

As children learn more about the liturgical year of the Church, it is appropriate for them to become more familiar with the official worship of the whole Church. The Liturgy of the Hours is an important part of the public prayer of the Church and is made up of Morning Prayer, Daytime Prayer, Evening Prayer, and Night Prayer.

The morning and evening prayers found in *Called to Prayer* have been adapted for use with children in primary grades. They include both Morning Prayer and Evening Prayer for each of the liturgical seasons of the year. The morning prayers are for day school and daytime religion programs. The evening prayers provide an appropriate prayer option for evening religion programs.

- \* The opening Call to Prayer can be either sung or spoken. The spoken form is included at the beginning of each prayer. The sung version is a simple melody, easily learned by children. It is intentionally a brief song that children quickly memorize.
- \* The Canticle used for Morning Prayer is different than the one used for Evening Prayer, although these remain consistent throughout the year. This allows the children to become familiar with these prayers.

An alternative way of praying the Canticle might be to assign each line to a different child. Each child can then memorize that particular line and simply remember which child he or she follows in the progression. All the children would pray the response together.

- \* The Psalms have been adapted from the psalmody of the various liturgical seasons and are used in a dialogic psalm response style. This type of repetitive response is particularly effective with children in primary grades since it is simple and easy to remember.
- \* Each prayer is planned to take approximately five minutes. It is possible to abbreviate the prayers as time or attention spans require. Remember, children appreciate the familiarity of repeated prayer forms.

### SEASONAL PRAYERS AND BLESSINGS

This section provides a variety of seasonal prayers that are appropriate to the cycles of the liturgical year. These can be used as individual prayers or incorporated into other prayer forms and liturgies.

Children love ritual, and the blessings included here offer opportunities to incorporate ritual blessings into the prayer life of children. The Advent Wreath Blessing, Christmas Gift Blessing, the Lenten prayers, the Blessing of Easter Eggs, and the Prayer to All the Saints help to sanctify the events of daily life in the context of the liturgical seasons. Abundant use of gestures and symbols such as water, oil, and signing enrich the child's experience and expression of prayer.

### PRAYERS AND BLESSINGS FOR SPECIAL TIMES

Included in this section are prayers for various occasions, blessings, and intercessory prayers that can be integrated into the community's life of prayer with great flexibility.
