

Caring for God's Creation

at _____

(name of your school)

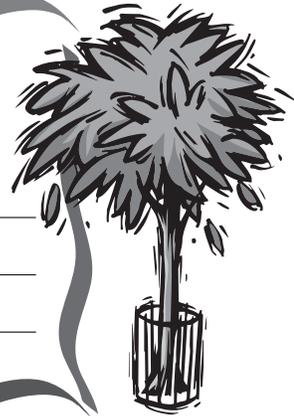

The Problem

In this box identify a problem your school faces regarding caring for God's creation, for example, people littering at lunchtime or during breaks or students stomping through bushes and destroying the landscaping.

Steps to Solve the Problem

Brainstorm the steps necessary to solve the problem and write them in this space. Include details, such as who you need to contact to implement your plan.

Plan of Action

Now, organize your ideas into a plan of action. Present the plan to your teacher and others at your school.
