

Conducting an Interview

In this chapter, you learned about how Christ's healing continues today. Select someone who brings Jesus' healing to others and ask about their ministry.

Questions to Ask:

How do you share Christ's healing with others?

Explain how you got involved in this ministry.

How do you think this ministry helps others?

How might you inspire someone my age to volunteer for this kind of ministry?

Follow up your interview with a thank you card to who you interviewed.
