

Living Our Gifts From God

1. Distribute pastel construction paper. Ask the children to trace an outline of their hand and cut it out.
2. Invite the students to think about the Theological Virtues of faith, hope, and charity. If necessary, have everyone refer to Ch. 17 and review what they learned about these gifts from God.
3. Ask each student to choose one of the Theological Virtues. Have them write on the handprint an example from their lives that demonstrates how they have lived the virtue.
4. Afterwards, encourage volunteers to share their work with the class.
5. Use a glue stick to arrange the handprints in a circle on a poster. Ask the children to help you title the poster.
6. Remind the class that God call us to grow in holiness by living the Theological Virtues.
