

Solving Word Puzzles

1. Before class, draw blank lines on separate pieces of newsprint to represent each letter in the following words:
Covenant obedience
Ten Commandments new Covenant
Noah Abraham
2. Tell the students they are going to play a game based on Wheel of Fortune.
3. Divide the class into an even number of teams—two, four or six small groups, depending on the size of your class
4. Display the first piece of newsprint. Invite teams one and two to come to the front of the room to compete.
5. Read a puzzle clue for Covenant: A solemn agreement
6. Have teams one and two alternate guessing letters. Continue until the puzzle is solved.
7. Repeat the process with each of the newsprint puzzles, using two different teams for each puzzle.
